Chris,

Please use this email to document ACEH concurrence with the requested extension. I don't see that a report has been submitted yet, so I've updated Geotracker with an August 8th date to provide a bit more time.

Subject: Bohannon Development Company - 575 Paseo Grande, San Lorenzo, Ca

Ms. Roe -

The purpose of this e-mail is to confirm our telephone conversation yesterday, July 23rd. On behalf of the Bohannon Development Company, Stantec is requesting an extension until Wednesday next week (July 30th) to submit soil, groundwater, and soil vapor data collected during recent investigations at the above-referenced Site.

I understood from our discussions that the extension request was appropriate.

We look forward to meeting with you and Mr. Detterman in the near future to discuss the data and appropriate path forward.

Thank You - Chris
