Subject: RE: RO167 - Request for extension for Updated SCM and Post Remedial Work Plan

Eva,
Thanks for the update. I've extended the submittal date to January 19th, per your request. You can use this email to document the extension should you need it; however, Geotracker will be updated to reflect this new date.

Subject: RO167 - Request for extension for Updated SCM and Post Remedial Work Plan

Hi Mark,

This email is to confirm our telephone voice mail messages of yesterday and today.

Stantec is requesting an extension for the submittal of the Updated SCM and Post-Remedial Work Plan for the Bohannon site at 575 Paseo Grande in San Lorenzo (directive attached).

We are requesting an extension of four days to allow report review by Bohannon's legal counsel. Mr. Andrew Bassak has been in trial all week and unavailable to review the draft report. We expect that he will have time early next week and plan on having the report submitted on Friday, January 19, 2018.

Request that report submittal date be revised from January 15, 2018 to January 19, 2018.

Regards,

Eva
