Paresh:

I spoke to you a month or so ago about your agency's review of a work plan to complete a pilot study for this site (submitted in mid December). When we spoke, you indicated that you were transitioning into a new position with Alameda County. Since it has been a while since our report was submitted, I was wondering if you were going to review it, or if this responsibility had been transferred to someone else. Geotracker still lists you as the contact person for the project; if you are no longer working on this, would you please let me know who this person is?

Thanks,

Scott Bittinger
