**Subject:** RO175 - 6600 Foothill Blvd  
**Entry Type:** Phone call

**Start:** Fri 11/30/2007 2:15 PM  
**End:** Fri 11/30/2007 2:15 PM  
**Duration:** 0 hours

RO175

11/28/07, 836a, msg to Myle  
Mark Arneola, City of Oakland, 238-7371  
RO175 - 6600 Foothill, who is CW?

11/29/07, 412p, Mark Arneola, 238-7371  
current CW for 6600 Foothill Blvd, Foothill Mini Mart  
Don former CW, currentl unassigned  
current status & what is planned for future, plume under adjacent site trying to determine actions for the future

11/30/07, 215p, Mark Arneola, 238-7371  
discuss site, development plans uncertain  
appears TPH under neighboring site, but not Benzene plume, plume primarily across the street  
discussed plume maps from recent QMR, question accuracy.

CW assignment pending, will be assigning to new hire.

Site potential for enforcement, consultant no longer on project, work appears halted? Last work was offsite access agreements, dont appear to be finalized.

Needs assessment work complete & CAP for public comment.

Re: adjacent site's development, depending on construction type & site use, pollution may not impact (TPH only?), what is constrution type? He said no plans have been determined. Options are adjacent site cleanups up pollution, or development project proceeds with cleanup of the neighboring site as part of the project. Mark indicated they want to avoid that option.
