Dave DeMent called her re: site
was Barney Chan's case, WP (not yet submitted) - no approval

Reviewed case history with Cheri. Directive letters up to date through late summer for site. WP not yet submitted by DeMent. What is his issue if he has not submitted WP? Appears concerned there won't be a review when it is submitted in the future.

Case will be assigned to new caseworker in next couple months. Appears not an issue at this site as case is up to date & no report review is pending.
