**Subject:** RE: MW's - GrantLine Rd Project

Hi Ardi:

We are currently reviewing Arcadis's Feasibility Study/Corrective Action Plan. Once we have finished our review and concur with their proposed approach we will begin the discussion of monitoring well destruction within the footprint of the proposed building. There are a lot of moving parts to this project right now so I need everyone to remain patient and work on the items they are responsible for.

**Subject:** Fw: MW's - GrantLine Rd Project

Dear Dilan:

Please see below reply from Arcadis - Tonya Rossi in regards to MW destruction.

Will you please advise the destruction of MW's within footprint of the proposed building and septic system.

Many Thanks.

Ardi Onsori

Hi Ardi,

During our last meeting with Alameda County we discussed destruction of all onsite wells, however, Alameda County will need to approve a well destruction work plan prior to field activities. We should discuss on May 4, 2015.

Onsite wells:

MW-1, MW-2, MW-3, MW-9, MW-10, MW-11, MW-12, MW-13, MW-14, and MW-15

Thank you,  
Tonya

Hi Tonya:

We had a meeting today with Dilan & Mark at Alameda County and one question came up regarding relocation of existing MW's.

Will you please confirm MW's that are within foot print of the proposed building and septic design will be relocated.

Please advise.

Thank You.
