RE: Request for extension of Work Plan submittal from 3/06/07 to  
04/06/07

Dear Mr. Chan,

In accordance with our conversation today, I am requesting an extension of the due date for submitting a Work Plan for Remediation and Cleanup Goals, of one month.

We are evaluating two plans, and our consultant needs this time to complete their work.

Thank you very much for your consideration.

Yours truly,
