Good Morning Jerry,

I wanted to give you an update on the Ladd Avenue Project. As you know my subcontractor was having equipment issues for the MIP portion of the project. We are finally rescheduled for this portion of the work for November 22, 2011. Based on this new schedule, ACC is requesting an extension for this project to December 23, 2011. Please let me know if this is acceptable? Please feel free to call me if you have any questions or concerns.

Thank you for your patience.
