Subject: RO# 0189, 930 Springtown Blvd., Livermore Extension Request for SSI submittal

Mr. Wickham,

Thank you for your phone call granting an extension of the Subsurface Investigation Report for the site at 930 Springtown Blvd., Livermore (RO#0189), originally due for submittal on May 9, 2008. At this time, Chevron is finalizing the agreement with the land owner at 900 Bluebell Dr/922 Larkspur Dr. to allow access to his property. Once a signed access agreement is in place, all work will be scheduled immediately and you will be informed of the work schedule and submittal of the final report at once.

Please let me know if you have any questions. Thank you again.
