**Re: Chevron Service Station #9-0290**  
**1802 Webster Street, Alameda, CA**

Dear Ms. Shin:

Enclosed are copies of the soil disposal receipts for soil removed from the above referenced site during the recent tank removal activities. This information is submitted as requested in your letter of August 17, 1994.

The Touchstone Developments report of July 21, 1994 indicates that approximately 400 to 500 cubic yards of soil were transported to Forward Landfill. Based on the soil disposal receipts, it appears that the actual quantity was closer to 300 cubic yards. I apologize for this error. NO.

If you have any questions or comments, please do not hesitate to call me at (510) 842-8134.

Sincerely,  
CHEVRON U.S.A. PRODUCTS COMPANY
