Re: Your case #RO0000198

Dear Mr. Khatri:

Alameda County

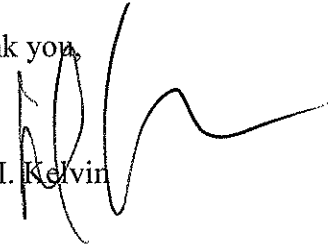

JUL 29 2009

Environmental Health

Mr. Suico has referred to me your letter of 7-24-09. My office wrote to you on 8-8-08, and a copy of that correspondence is enclosed. I have to date received no response. The health of Mr. Suico unfortunately continues to deteriorate, and he is not able at this time to do much regarding his property. There is no activity on the site involving an underground tank. Please let me know your advice under these circumstances.

Thank you,

David I. Kelvin

Re: Our Client: Henry Suico
Case No.: RO0000198
Address: 820 Isabella Street, Oakland, CA 94607

Dear Mr. Khatri:

This office represents Henry Suico in connection with the above-mentioned property. I left you a telephone message earlier today. I am in receipt of a July 3, 2008 letter from you to Mr. Suico. This letter asks that Mr. Suico claim his site and upload both analytical data and PDF reports to the SWRCB's GeoTracker database website by August 15, 2008. I am not quite sure what you agency considers to be the appropriate responses to these requests; further explanation would be helpful.

Currently, Mr. Suico is in Veterans Hospital in Redwood City due to complications from Type II diabetes; his current state of health makes it difficult for him to deal with many issues. Mr. Suico confirmed that there is an underground tank of some sort on the property and he does have some documents relating to it. While I am not sure as to whether these documents are responsive to the requests that you make in your July 3 letter, I ask that you permit us some additional time to go through the documents that Mr. Suico has.

Please contact me directly at 415.279.4264 so we can discuss in greater detail what it is your agency needs.

Yours truly,

Andrew Kapur

Attorney for Henry Suico
