Subject: RE: BP Station #771, Livermore (RO0000200) - Soil and GW Investigation

Jason,

Based on your request, the schedule for submittal of a Soil and Groundwater Investigation Report for the above referenced site is extended to January 10, 2014.

Regards,

Jerry Wickham

Subject: BP Station #771, Livermore (RO0000200) - Soil and GW Investigation

Hi Jerry,

I am writing to request a deadline extension for the Soil and Groundwater Investigation Report currently due on October 24, 2013 for BP Station #771 located at 899 Rincon Ave., Livermore. Some internal review delays were encountered following the recent BP project manager transition. Once internal approval was received, the selected drilling contractor, Gregg Drilling, was contacted. Unfortunately, they are now booked solid until October 18th. We currently have the air knifing scheduled for October 18th and drilling on October 22nd and 23rd. As such, an extended due date of January 10, 2014 is requested for submittal of the summary report. Please feel free to contact me directly with additional questions or concerns. Thank you. Take care.
