**Subject:** RO0000203 (Unocal 0746) Status Update

Hi Kathy:

Keith and I are reviewing a report on Geotracker for our year end and Fuel Leak Case No. RO0000203, Unocal 0746 shows up as having no regulatory action in the Fiscal year 2013/2014.

I know we discussed this site in a meeting several months ago and remember you stating you were intending on submitting a RFC. However, based on the meeting review of data I recall asking you for a work plan to delineate the downgradient extent of the plume as benzene and free product in downgradient well MW-5 remain a concern due to downgradient residential properties.

Can you please provide Alameda County Environmental Health a status update on your submittal by June 27, 2014 .

Thnak-you

**Dilan Roe, P.E.**
