Carl,

Your extension request for the submittal of the Soil Vapor Intrusion Investigation report from July 5, 2017 to September 29, 2017 is approved.

Regards,  
Keith Nowell

Hi Keith,  
I am following up on this extension request.

Thanks,  
Carl

**Subject:** CASE #: RO0000203 - Extension Request

Hi Keith,  
I am following up on our conversation to extend the deadline for the Soil Vapor Investigation Report. We have completed the onsite work, including the installation of VP-1 and VP-2 and sampling. The deeper probe at VP-2 could not be sampled as water levels were still a little too high. However, this probe will be revisited for sampling when the offsite probes are installed and sampled.

A tentative date is set for a meeting with the lawyer representing the property owners for 3915 Broadway on 7/7. We hope to convey the unobtrusive nature of our work in order to begin access negotiations. Given the negotiating process can take some time, and in order to submit a more comprehensive report that accounts for all data proposed in the work plan, we are requesting an extension to September 29, 2017 from the original deadline of July 5, 2017.

Please advise if our request is reasonable and we look forward to completing this soil vapor investigation.

Thanks,  
Carl
