Morgan,

This email is to confirm that Conestoga-Rovers & Associates searched for monitoring well MW-5 (3S/1W-2H18) with a metal detector and ground penetration radar. According to the findings, they were unable to locate the well. MW-5 is considered lost or destroyed by the grading of the road for widening and no further action is require at this time.

Hi Wyman,

Thank you for your voice mail this morning. Regarding the Dublin site, Alameda County has indicated that an email response is acceptable.

Thanks again,
Morgan Hargrave

Hi Jerry,

We received your letter regarding Fuel Leak Case No. RO0000206, Chevron #9-5542, 7007 San Ramon Road, Dublin. The County has asked Chevron to "...obtain written concurrence from the Zone 7 Water Agency that due to its location beneath Dublin Boulevard, destruction of well MW-5 is not required." Zone 7 is inquiring if an email response is acceptable, or if the county requires a hard copy letter.

Will an email response be acceptable?

Thanks,

Morgan Hargrave
