Hello Jerry,

Per our phone call a few minutes ago. On behalf of Hanson Aggregates, I would like to request an extension for the submittal of our report presenting the results of the air sparge pilot test conducted in the asphalt plant area of the Hanson Sunol (former Mission Valley Rock) facility at 7999 Athenour Way, Sunol, California. Per your August 30, 2007 letter, the report currently is due for submittal to ACEH on March 14, 2008.

The proposed new submittal date is March 28, 2008. Please let me know if you approve of this new date.

Thank you, Katrin.
