Subject: Lehigh Hanson -Mission Valley Rock Facility, Sunol, CA - Request Extension for the Quarterly Groundwater Monitoring Report SLIC Case #RO0000207

On behalf of Hanson Aggregates, ARCADIS- US is requesting an extension of the due date for the Fourth Quarter 2010 Air Injection System and Groundwater Monitoring Report for the Mission Valley Rock Facility, located in Sunol, Alameda County, California (SLIC Case #RO0000207 and GeoTracker ID T0600102092). The extension is necessary to accommodate some internal scheduling issues. We are planning to submit the report to the Alameda County by March 18, 2011. Please be aware that the groundwater monitoring at the Site was conducted during the fourth quarter of 2010. If you have any questions or need any more information please contact me or Lee Cover of Lehigh Hanson.

Thanks Ron.
