Jerry,

Thank you for the correspondence regarding the Holland Park site. Ninyo & Moore will have a representative during excavation and grading activities on site during the duration of the project. I will act as the SMP Coordinator and Manager. Regarding current activities, no activities are scheduled until next week. I would recommend that you keep your schedule open next Monday and/or Tuesday, which is when site excavation and grading may begin. I will let you know as soon as I find out. Larry is working on finalizing the Deed Restriction, but needs to run it by the County Redevelopment Agency first, because they will be involved in constructing a structure on their part of the site. Please contact me if you have any questions.

Thanks,

Kris M. Larson, P.G.
