Keith:

I just received a call from the property owner (Beretta Property Management) for the adjacent property where monitoring wells MW-7 and MW-8 are located. Our agreement for access to these two monitoring wells has expired and Antea Group has requested that it be extended. However, Mr. Beretta has requested that these two monitoring wells be removed and no longer allowing access to his property. Let me know if this is acceptable to you and if so, Antea Group will begin the process of destroying these two monitoring wells. Don't hesitate to contact me if you have any questions.

Best Regards,
