Subject: RE: 3220 Lakeshore Avenue, Oakland, Fuel Leak Case No. RO0000229

Dennis,

Your request for an extension to September 2 is acceptable. As you know, please ensure the wells are surveyed to NAD 83 and NAVD88 and upload these to Geotracker if different from the previous 1994 results.

Thanks,

Barb Jakub

Subject: 3220 Lakeshore Avenue, Oakland, Fuel Leak Case No. RO0000229

Ms. Jakub:

In your letter dated June 2, 2011 for the above referenced location, you requested a Site Review Summary Report to be submitted by August 2, 2011. This report was to include a utility survey. We recently were at the site conducting the utility survey and it soon came apparent that the site map we currently have does not match the current site layout. Therefore, we are going to schedule a surveyor to survey the site and then prepare the utility survey map and the requested Site Review Summary Report. It is my understanding that the site was last surveyed in 1994.

Due to the circumstances I would like to request that the Site Review Summary Report be submitted by September 2, 2011. Let me know if this is acceptable to you?

Regards,

Dennis S. Dettloff, P.G. | Project Manager
