Subject: RE: RO231 Report Extension Request

Kathy,

As we discussed earlier today, the proposed schedule extensions described below are acceptable to Alameda County Environmental Health.

Regards,
Jerry Wickham

Subject: RO231 Report Extension Request

Jerry,

Thank you for returning my call this morning. As we discussed, the project is experiencing some challenges with acquiring the power for the proposed system. We have our drawings and requests in with PG&E and are waiting for their internal staff to review and provide a date for install/upgrade. We greatly appreciate the extensions for the two outstanding items associated with the implementation of the Remedial Action Plan. Below are the reports and the new extension requests.

Remediation Performance Evaluation and Monitoring Plan – December 5, 2014
System Startup Report – March 31, 2015

I will send you an update once we receive the dates from PGE. Please let us know if you have any additional questions.

Kathy
