Dear Mr. Wickham:

Stratus Environmental Inc. (Stratus) has prepared this letter on behalf of Moller Investment Group, Inc. (MIGI), to request an extension for submitting the *Soil Excavation Report* (SER), due on September 23, 2010, for Former USA Service Station No. 57, located at 10700 MacArthur Boulevard, Oakland, California. Soil excavation, backfilling, and compaction activities were completed at the site between July 26, 2010 and September 15, 2010. Stratus is currently awaiting analytical reports from the laboratory and the geotechnical reports from the contractor. Upon receipt of the reports, Stratus will compile and tabulate the data and submit the SER to Alameda County Health Care Services (ACHCS). Therefore, Stratus requests that the deadline for submitting the SER to ACHCS be extended until October 29, 2010.

If you have any questions or comments concerning this report, please contact Gowri Kowtha at (530) 676-6001.

Sincerely,
