Subject: RE: Modified Monitoring Program for Rino Pacific (ACEHS RO0000234)

Art,

Our goal is to respond to all technical submittals within 60 days of receipt although this may not always be possible due to a heavy case load.

You may implement the proposed reduced monitoring and sampling frequency proposed in your March 2, 2009 correspondence with the following exceptions:

- 1) Please continue annual sampling of well MW-4.
- 2) Please continue quarterly sampling of well MW-8.

Alameda County Environmental Health may request additional modifications to the proposed monitoring frequency at a later date.

Regards,

Jerry Wickham
Alameda County Environmental Health

Subject: Modified Monitoring Program for Rino Pacific (ACEHS RO0000234)

Mr. Wickham,

I'm inquiring as to the status of the request to modify the monitoring program at Rino Pacific/Oakland Truck Stop. We sent a letter dated 02 March 2009 to your office, but have not heard from you.

We would like to implement the proposed plan this quarter.

Best regards,

Art

Arthur Deicke
