Brian,

Sorry I did not get back to you earlier. Alameda County Works is the permit agency and makes the decision regarding pressure grouting.

Regards,

Subject: 1107 5th Street, Oakland, CA - Rino Pacific Oakland Truck Stop

Good afternoon Mr. Wickham, I am currently preparing a well destruction work plan for the Rinehart Oakland Truck Stop site and I have one main question; do all wells have to be over-drilled for destruction? Or can wells with little to no impact be pressure grouted for destruction?or is this a question for the public works department since they issue the permits?

Thanks,

Brian W. Millman
