Mr. Wickham,

On behalf of Rinehart Oil, Inc., Advanced GeoEnvironmental (AGE) is requesting a 45 day extension for the submittal of a revised feasibility study report. The Alameda County Environmental Health Services directed the submittal of a revised feasibility study report by letter dated 29 November 2011.

AGE is in the process of finalizing the report; however, we need additional time to compare and explore the various feasibility options for the site.

I appreciate your assistance with this project. Please contact me if you have any questions or comments.

Sincerely,

Brian W. Millman
