Hello Tom,

Please upload your correspondence to GeoTracker and ACEH's FTP server since we are trying to be a "paperless" office and my understanding is that paper copies typically do not satisfy the RP's reporting requirements.

**Subject:** Monitoring Modification Request for BP#11124/Case #RO239

Hello Paresh,

Attached is a PDF copy of a letter requesting modifications to the quarterly ground-water sampling and analytical schedule for Former BP Station #11124 at 3315 High Street, Oakland (ACEH Case #RO239). The original letter is being sent in today's outgoing mail. However, I didn't know if you'd prefer an electronic copy of this be sent somewhere else (GeoTracker? ACEH FTP Site?). If nothing else, I've succeeded in getting this letter to your desk a few days earlier.

Any questions or comments, please do not hesitate to contact me.

With regards,

Tom Venus, PE
