Good morning Nicole,

The responsible party needs to claim both sites on the State's GeoTracker website. Here's the link to claim the site in Geotracker:

http://www.swrcb.ca.gov/ust/electronic_submittal/report_rqmts.shtml. If you have any problems you may also contact the GeoTracker Help Desk at geotracker@waterboards.ca.gov or (866) 480-1028. Additionally, once the wells have been decommissioned, the well decommissioning report needs to be uploaded to our county FTP site and GeoTracker.

Regards,

From: Nicole Persaud [mailto:Nicole.Persaud@anteagroup.com]

Importance: High

Hi Teena,

You are listed on GeoTracker as the case worker for the two above referenced ACEH cases located at 4501 and 4575 San Pablo Avenue in Emeryville. Antea Group has been contracted as the environmental consultant to bring these sites into compliance and abandon the remaining monitoring wells.

In correspondence from ACEH dated March 6, 2012, ACEH requested that "GeoTracker Compliance and Request for Information Uploads" be completed by April 4, 2012.

We are in the process of taking care of this, however, can you clarify for me what exactly ACEH is requesting for the site to be GeoTracker complaint and what information needs to be uploaded?

Thank you,

Nicole Persaud, EIT | Project Manager
