Craig,

Based on your request, the schedules for the two items requested in our March 6, 2012 directive letters are extended to June 4, 2012. The items, as described in the attached correspondence, are GeoTracker compliance and a well decommissioning report. This schedule extension applies to two separate fuel leak cases: RO0245 (4575 San Pablo Avenue, Emeryville, CA) and RO2452 (4501 San Pablo Avenue, Emeryville, CA).

Jerry,

It was a pleasure speaking with you this morning. As we discussed, Dean Foods requests a 60-day extension (until June 4, 2012) by which to address the matters identified in your letter dated March 6, 2012, and concerning final closure of the Berkeley Farms facility at 4575 San Pablo Avenue, Emeryville, CA. Please confirm that this is acceptable.

Sincerely,
