Dear Mr. Wickham:

This letter, sent on behalf of Equilon Enterprises LLC dba Shell Oil Products US (Shell), serves as notification of management changes for the environmental contacts for the above-referenced site.

As stated in Alameda County Environmental Health's April 6, 2015 letter, Au Energy LLC is responsible for environmental work at the subject site as the sole responsible party for the 2013 diesel fuel release, and Shell is seeking to negotiate a well transfer agreement with them.

Should you have any items requiring Shell's attention, Andrea Wing will serve as the new Shell Program Manager, and AECOM Technical Services, Inc. (AECOM) has replaced GHD as the primary environmental consultant effective October 1, 2015.
