Subject: Well Destruction and Lost Well; Fuel Leak Case No. RO0000267 and Geotracker Global ID T0600101590, City of Emeryville Marina, 3310 Powell St., Emeryville, CA 94608

Dear Ms. Humphrey:

Alameda County Environmental Health (ACEH) has received and reviewed the document entitled *Lost Monitoring Well MW-1 at Emeryville Marina UST Site*, dated July 24, 2015. The referenced letter was submitted on your behalf by OTG EnviroEngineering Solutions, Inc (OTG) due to the loss of groundwater monitoring well MW-1. Thank you for submitting the letter and documenting the status of the well.

Because Alameda County Public Works considers the well lost, ACEH is in concurrence with the recommendation by OTG that the site proceed to closure. ACEH will initiate closure documentation shortly.

Should you have questions, please let me know.
