Subject: Request for Landowner Form and Well Destruction; Fuel Leak Case No. RO0000267 and Geotracker Global ID T0600101590, City of Emeryville Marina, 3310 Powell St., Emeryville, CA 94608

Dear Ms. Humphrey:

As you are aware, the public comment period for the subject site ended on May 31, 2015. No comments were received by Alameda County Environmental Health (ACEH). Provided a completed copy of the *List of Landowners Form* is returned to ACEH, you are free to proceed with the destruction of groundwater monitoring wells associated with the site, as discussed in the attached March 26, 2015 letter from ACEH. Please be aware that the disposal of all potentially contaminated media generated during the well destruction process requires documentation of final acceptance at the disposal facility prior to closure. Construction debris does not require disposal documentation, only a statement that it has been properly disposed of.

Please provide 72-hour advance written notification to this office (e-mail preferred to: [mark.detterman@acgov.org](mailto:mark.detterman@acgov.org)) prior to the start of field activities.

### **TECHNICAL REPORT REQUEST**

Please upload technical reports to the ACEH ftp site (Attention: Mark Detterman), and to the State Water Resources Control Board's Geotracker website, in accordance with the specified file naming convention below, according to the following schedule:

File to be named: RO267\_WELL\_DCM\_R\_yyyy-mm-dd
- **4 Weeks After Completion of All Required Submittal Tasks** – Uniform Closure Letter Issued  
(Provided the *List of Landowners Form* has been submitted)

These reports are being requested pursuant to California Health and Safety Code Section 25296.10. 23 CCR Sections 2652 through 2654, and 2721 through 2728 outline the responsibilities of a responsible party in response to an unauthorized release from a petroleum UST system, and require your compliance with this request.

Online case files are available for review at the following website: <http://www.acgov.org/aceh/index.htm>.
