Good afternoon

I see there has been no activity at this Site since the Final Closure Order was issued on 3/14/2013. Well Destruction Report was submitted on 5/30//2014. In order for the claimant to be issued a Uniform closure letter the following has to be completed:

- Wells destroyed to lead agency's satisfaction,
- IDW removed and
- remediation equipment etc. removed.
- The Lead agency (Alameda County) is required to inform the State Board when these activities have been completed to their satisfaction.

Does the well destruction meet LOP satisfaction?
