SUBJECT: REQUEST FOR EXTENSION FOR REQUESTED DOCUMENTS
 ACHCSA Case No. RO0000276
 Desert Petroleum Station #796
 2844 Mountain Boulevard
 Oakland, California

Dear Mr. Wickham:

On behalf of the subject site property ownership, Aqua Science Engineers (ASE) respectfully requests an extension of no greater than 60 days to provide the ACHCSA with the requested documents detailed in your letter to the property owners dated February 28, 2011. ASE is currently in the process of signing a contract with one of the property representatives to handle the necessary environmental activities for the site. Underground Storage Tank Cleanup Fund (USTCF) funding will likely be necessary in order to complete all of the projected environmental work at the site. Therefore, if cancellation of the USTCF claims has not yet occurred, we respectfully request that such a cancellation be postponed while ASE prepares the necessary documents for the ACHCSA.

We will await your written response, as well as prepare the documents requested in the aforementioned letter. ASE is also scheduled to perform a groundwater monitoring well sampling event at the site. Should you have any questions or comments, please feel free to call us at (925) 820-9391.

Respectfully submitted,

AQUA SCIENCE ENGINEERS, INC.
