Discuss site w/ Bilage Angle

Told him WP addendum rejected. Told him about 04/27/07 phone call w/M.Naugle re: WP Adden not started, Golder did not have info requested of them for WP, etc.

Have notified USTCF & told them report is rejected & not to pay for report. Out of Compliance letter is pending.

Notified City of Livermore that schedule not met; extent of deficiencies of report, & work not completed.

Questioned him about reports, he said he called Golder earlier in the week to make sure report will be submitted, he has instructed his consultant to comply with directive letters, etc.

Wants to meet & bring in his consultant to discuss & get site into compliance. Will call his consultant.

We will discuss meeting dates the week of 05/07/07.
