Ailsa,

I am the caseworker for this site (R00000280). Please proceed with sampling the site wells and submit the investigation report. A letter is not necessary I will include this e-mail on the ACEH ftp site for reference.

As for that table in the Fourth quarter 2005 QMR, I really don't see the analytical table in there. The documents on Geotracker and the ACEH ftp site go directly from the figures to Appendix A. And I don't see a table with analytical data either before or after the figures. According to the pdf, there are 25 pages in the report including the cover sheet and perjury letter. If I am missing it please let me know on which page it is.

Regards,

Barbara Jakub, P.G.

Hi Barb. This is a project that I have handled in the past. Timing is good to get you involved as it had gone stagnant due to non-payment. The client has cleared their invoices and the project will be activated once again.

I have proposed to the client that a round of groundwater sampling be performed in order to evaluate current conditions. I would like to then roll this data into the long-awaited investigation report.

Would you like this done in a letter? Are you the case worker?

Also, I had a look at the denied report that was submitted. I believe Table 1 was indeed included in this report. Can you please advise?

Thanks,
Ailsa

barbara.jakub@acgov.org

REASON FOR DENIAL

Table 1 not submitted as per the table of Contents. (Also, a report was said to be forthcoming for an investigation and it isn't on either Geotracker or the ACEH ftp site. Can you give me any information on that?)
