Dear Keith:

Your request is duly noted. We will therefore like to schedule the well decommissioning on Wednesday May 20th. The driller will be:

Glenn Reiss
Vapor Tech Services (VTS)
2316 Tripaldi Way
Hayward, CA 94545
415-378-0415

Glenn is also copied on this email.

We have also started the permitting process with Alameda County (James Yoo) and will revise the date for the decommissioning to May 20th.

Let me know if you have any other concerns.

Regards,

Sam Brathwaite, PG, Chg, CEG
Principal
Ground zone Environmental Services, LLC

Dear Ms. Hall and Mr. Badertscher:

As indicated in the ACEH correspondence dated April 23, 2015, the well destruction date specified below is too close to the end date of the public comment period, and does not afford Alameda County Environmental Health (ACEH) time to adequately address comments received near the end of the comment period. As requested in the April 23, 2015 ACEH correspondence, included as an attachment, please schedule the well destruction no sooner than May 18, 2015- two weeks after the end of the public comment period.

Please provide ACEH (Attention: Keith Nowell) a confirmation E-mail by **May 5, 2015**, identifying the driller and the anticipated date of well destruction. ACEH will submit an authorization to proceed with the well destructions in a separate letter following the successful conclusion of the public notification period.

Should you have any questions, please contact me at (510) 567--6764 or send me an electronic mail message at keith.nowell@acgov.org.

Regards,
Keith Nowell
