Dear Mr. Badertscher,

I'm providing an update to one of our meeting discussion items- contacting the City of Oakland regarding the storm drain discharge. I have yet to hear back from Oakland. Due to the storms that have been passing through this area, I suspect the storm drain crews have been focused on keeping the inlets open and on flooding/potential flooding throughout the city. I will contact the City of Oakland again next week if I do not get a response by then.

Regards,  
Keith Nowell
