Subject: Well Destruction Scheduling for Fuel Leak Case No. RO0000280 and GeoTracker Global ID T0600102113, Scooter Wilson, 3600 MacArthur Boulevard, Oakland, CA 94619

Dear Ms. Hall and Mr. Badertscher:

Alameda County Environmental Health (ACEH) is considering the above referenced site for potential case closure. Public participation, a requirement for the case closure processes, has been initiated and will end on **May 4, 2015**. It is approximately mid-way through the public comment period, and no comments have been received to date.

Therefore, ACEH is requesting that you schedule the well destructions for two (2) weeks after the end of the public notification period. Please provide ACEH (Attention: Keith Nowell) a confirmation E-mail by **April 20, 2015**, identifying the driller and the anticipated date of well destruction.

ACEH will submit an authorization to proceed with the well destructions in a separate letter following the successful conclusion of the public notification period.

Should you have any questions, please contact me at (510) 567--6764 or send me an electronic mail message at keith.nowell@acgov.org.

Sincerely,

Keith Nowell, PG, CHG
Hazardous Materials Specialist
