Hi Mark,

We will review all this on the 6th and I will be in communications with Val at Alfa to ensure all parties have prior documentation as noted.

We wanted you to have the information first at your request prior to disseminating out etc.

Thank you,

Terry

Terry,

I received a series of email with attachments from Valentin on May 23rd. I presume it is this group of documents to which you refer? If so, while I have seen them and the information contained will likely be useful, Dilan has not seen them, BP has not seen them (to my knowledge), and ACEH has not accepted them as public documents, as they need to go through admin for acceptance. I had thought they would be forth coming from Valentin once he had time to upload them (per his communications). Please be aware that ACEH requires a perjury statement from Mr. Delong, as described in the Attachment 1 for all directive letters. I've also attached to this email for quick reference.

See you on the 6th,

Mark Detterman

Hi Mark,

Please verify that all the information we sent to you today meets your requirements per your letter dated March 14, 2014.

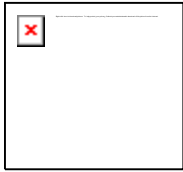

We look forward to a successful stake holder meeting next week on the 6th and just want to be certain there is no additional information you may need prior to that meeting.

Please advise?

Respectfully,

Terry L. Grayson
