cont. what notifying dept.
Overhead excavated, ND for TPH, ND for TPH residues, ND for O&G. Need to test for metals & TPH gas. Need to submit WHR, workplan addressing contamination at site. Need to submit report for the closure of the UST at the site to include manifest for tank & records of stockpiled soil disposal.
Site visit; advised Bill Utie that additional investigation is necessary both for soil & groundwater contamination.
Meeting w/ PG&E (Loretta Atshuller & Bill Utie) consultants.
