Dale's Bar Leaking UST Removal Project  
Singleton and Main Street  
Alameda, California

Dear Ms. Chu:

I have enclosed photographs from the above referenced Leaking Underground Storage Tank (UST) removal project that you requested during our telephone conversation on December 23, 1999. I hope this information will help in addressing the obvious public health and environmental impacts that exist at this site.

Thank you in advance for your assistance.

Sincerely,

Patrick G. Lynch, P.E.  
Civil/Chemical Engineer

□ = storm drain

1/19/00

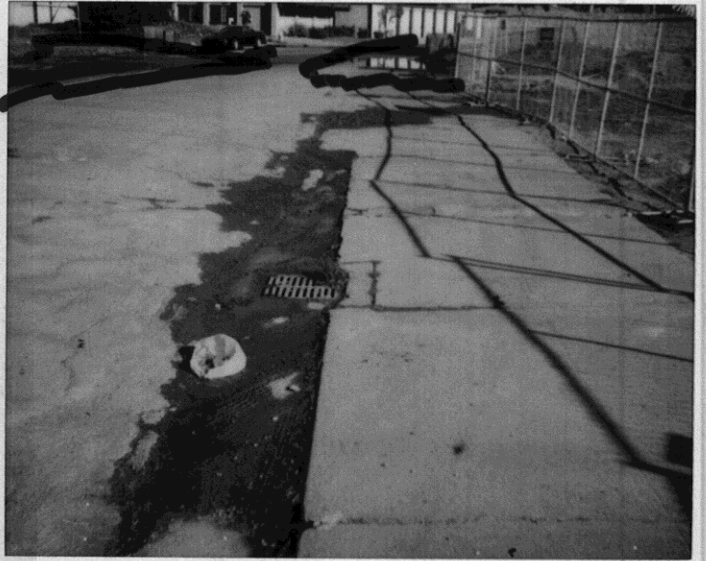

sheen noted on water by storm drain. Suspect  
it is due to road-run off. No sheen noted on  
water ponding on site.
