**Subject: RO0000289
SCHEDULE EXTENSION REQUEST
OWENS-BROCKWAY GLASS CONTAINER FACILITY.
3600 ALAMEDA AVENUE, OAKLAND, CALIFORNIA.**

Dear Mr. Wickham:

On behalf of Owens-Brockway Glass Container Corporation CKG Environmental would like to request an extension to the schedule for implementing the groundwater treatment biobarrier. At this time Owens-Brockway is evaluating other potential options for groundwater treatment at the site, and is considering additional source removal actions. This effort may require additional design work. Currently we understand that a Technical Report is due to your office on March 15, 2015. In order to complete the additional evaluation and potential design we are requesting that the report due date be extended to December 31, 2015. CKG will keep you updated as we further develop the plan for the site.

If you need further information feel free to call me at (707) 363-5740.

Sincerely,
CKG Environmental, Inc.
