Hi Barb,

On behalf of Kawahara Nursery, Trinity requests your approval to suspend semi-annual groundwater monitoring at the referenced site, at least until the State Board closure petition is resolved.

We spoke about suspending monitoring some months ago, and based on your verbal approval, we have not conducted monitoring at the site this year. We request a response by email or letter, to document your approval.

Please contact me if you have questions regarding this request.

Thanks very much –
Regards,
Debbie
