Subject: RE: Notice of Violation Compliance

Hi Gale,

Hopefully you got the third page (of four) of the letter. The second section regarding "Electronic Submittal of Reports" has a link (second in the section) to Geotracker that will get you started. Probably the easiest way is to use the tool free number (866) in the top right of the webpage. I can send you a copy of the full letter in case you need it. I suspect you'll need to have one of the named individuals at the top of the letter sign the form, but you can check with the Geotracker Help desk. If you have other questions, let me know.

Best,

Mark Detterman

Subject: Notice of Violation Compliance

Mark

My name is Gale Rossi and I work with Public Works for the City of Albany. I was just given the attached notice of violation RO0000297 and GeoTracker Global ID T 06000102152 for the City of Albany. I am to work to get this violation corrected. Looks like Geo Tracker Compliance required to claim site due by July 27, 2012 and Update and revise Work Plan by August 31, 2012. I am clueless to these requirements but will get on it. The site must be claimed which will be my first task. If you can help with advice on how this is done or direction where I can go to learn to do this would be appreciated.

Thank you

Gale Rossi
