Hello Bob,

Thanks for letting me know about Jerry's approval of the extension for the well destruction report.

Also, thanks for submitting the report on March 29 onto GeoTracker. I'm letting you know that I accepted it. However, because we haven't yet received the waste manifest, I just issued a directive requesting a revised report that includes the manifest. In addition, we are requesting that you submit the revised report not only onto GeoTracker, but also onto ACDEH's FTP site (along with the usual perjury letter).

As soon as we get the revised report with the waste manifest, I'm hoping to get this case closed as soon as possible.

Thanks,

Anne
