Start: Fri 2/22/2013 3:30 PM
End: Fri 2/22/2013 3:35 PM
Duration: 5 minutes

Discussed site with consultant, Richard Ely, to respond to his email.

ACEH requested a work plan to determine the extent of the hydrocarbons in soil and groundwater from the two USTs. It appears that two borings (one in each area) and resampling one well may provide enough data to ascertain if groundwater is impacted and what residual concentrations are in these areas.
