Attention: Ms. Madhulla Logan

Subject: Revised Workplan, Three Grab Groundwater Samples
2504 MacArthur Boulevard
Oakland, California 94602

Dear Ms. Logan:

Pursuant to our discussion of February 23, 1999 regarding the locations for the collection of three grab groundwater samples at the site located at 2504 MacArthur Boulevard, Oakland, California, enclosed we are forwarding for your review and approval a revised map, showing the new boring locations. Please include this map with the workplan submitted previously.

Please note that these locations are tentative, pending performance of an underground utility survey. Other surface site features may also restrict access to the sampling points. Necessary adjustments will be made during the fieldwork.

If you have any question or comments, please call the undersigned at (415) 951-4793.

Very truly yours,

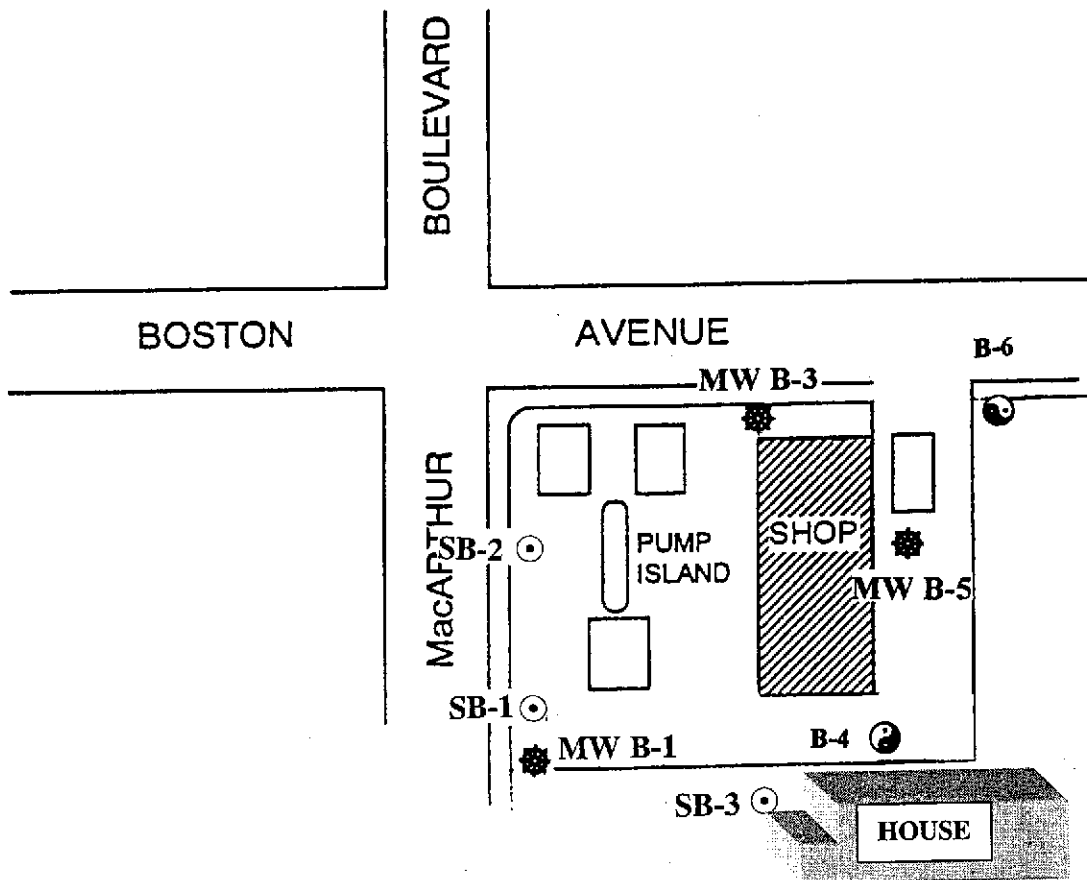

Fred A. Serafin
Director, Environmental Services
