To: Paul King 510-834-0772

From: Barney Chan AEEH-LoP

Date: 7-18-02

Notes: Paul - Please consider the six (6) boring
locations I've "X"ed (Really only one more than proposed
in the assumed upgradient direction) to "close" the plume.
Also the three borings circled should also ~~sample~~ analyze
soil samples based on past soil results. Call
me to discuss. 510-567-6765.
