<b>FAX</b>  <b>TRANSMITTAL</b>	<b>To:</b>	MR. KEVIN TINSLEY ALAMEDA COUNTY ENVIRONMENTAL HEALTH SERVICES ENVIRONMENTAL PROTECTION DIVISION		
	<b>FROM:</b>	PETER LANGTRY	<b>DATE:</b>	JUNE 23, 1997
	<b>PROJECT NUMBER:</b>		<b>FAX No.:</b>	510-337- <del>8877</del> 9535
	<b>PROJECT NAME:</b>	726 HARRISON STREET	<b>PAGES:</b>	2
	<b>CC:</b>	94607	<b>FAX No.</b>	

Kevin, attached is a site plan showing the proposed boring location at 726 Harrison Street in Oakland. I have also shown the locations of ground water monitoring wells MW-7 and MW-8, which were installed for the investigation at 800 Harrison Street, and well MW-4, which was installed for the investigation at 706 Harrison Street. The most recent analytical results and ground water flow direction are also shown. With the existing data, I believe that one exploratory boring will provide a sufficient amount of data since we already have analytical information for the up-gradient and down-gradient property boundaries.

We are currently scheduled to perform the drilling on July 3. I will call you this week to discuss the proposed boring location

Thank you,

Peter Langtry
