Subject: Case Closure Evaluation for Fuel Leak Case No. RO0000322 and GeoTracker Global ID T0600101435, Varni Property, 2691 Castro Valley Boulevard, Castro Valley, CA 94546

Dear Mr. Varni:

Alameda County Environmental Health (ACEH) staff has reviewed the case file for the above-referenced site including the recently submitted document entitled, "July 2009 Crawlspace Air Quality Evaluation," dated August 18, 2009, which was prepared by Cornerstone Earth Group (CEG) for the subject site. As requested in our December 5, 2008 correspondence, two additional crawlspace air sampling events were conducted to evaluate potential contaminant volatilization to indoor air from residual petroleum hydrocarbon contamination at the site. CEG states that contamination "detected in the crawlspace air during this event also appears to be background from vehicle exhaust/fumes," and as such, CEG requests case closure for the site.

ACEH generally concurs with CEG and will evaluate the site for case closure consideration and no further investigative work is required at this time. You will be notified of the results of the case closure review within six months from the date of this letter.

If you have any questions, please call me at (510) 777-2478 or send me an electronic mail message at [paresh.khatri@acgov.org](mailto:paresh.khatri@acgov.org).

Sincerely,

Paresh C. Khatri

<b>Alameda County Environmental Cleanup Oversight Programs (LOP and SLIC)</b>	<b>ISSUE DATE:</b> July 5, 2005
	<b>REVISION DATE:</b> March 27, 2009
	<b>PREVIOUS REVISIONS:</b> December 16, 2005, October 31, 2005
<b>SECTION:</b> Miscellaneous Administrative Topics & Procedures	<b>SUBJECT:</b> Electronic Report Upload (ftp) Instructions

The Alameda County Environmental Cleanup Oversight Programs (LOP and SLIC) require submission of all reports in electronic form to the county's ftp site. Paper copies of reports will no longer be accepted. The electronic copy replaces the paper copy and will be used for all public information requests, regulatory review, and compliance/enforcement activities.

#### REQUIREMENTS

- Entire report including cover letter must be submitted to the ftp site as a **single portable document format (PDF) with no password protection**. (Please do not submit reports as attachments to electronic mail.)
- It is **preferable** that reports be converted to PDF format from their original format, (e.g., Microsoft Word) rather than scanned.
- Signature pages and perjury statements **must** be included and have either original or electronic signature.
- **Do not password protect the document**. Once indexed and inserted into the correct electronic case file, the document will be secured in compliance with the County's current security standards and a password. **Documents with password protection will not be accepted.**
- Each page in the PDF document should be rotated in the direction that will make it easiest to read on a computer monitor.
- Reports must be named and saved using the following naming convention:  
RO#\_Report Name\_Year-Month-Date (e.g., RO#5555\_WorkPlan\_2005-06-14)

#### Additional Recommendations

- A separate copy of the tables in the document should be submitted by e-mail to your Caseworker in **Excel** format. These are for use by assigned Caseworker only.
